What to bring
A sun hat (for each child and adult) and a piece of fruit or vegetable for snack time. Please no NUT products and check with Coordinator for any other allergies. Don’t forget to wear clothes that allow for full exploration of the kindergarten environment!

About Our Playgroup
The Oaklands Estate Kindergarten community strongly values early childhood education and the connection between family and the kindergarten setting. We believe playgroup is important for developing a sense of belonging and for making the connection between home and the kindergarten.

Playgroup is a group of families within the Oaklands Estate Kindergarten area who come together each week with their pre-school aged children (birth to five years) for some fun, socialisation and play based learning.

Our playgroup is coordinated by a volunteer parent, but each family is responsible for their child’s behaviour and for maintaining the environment while at playgroup.

Each family works together to create positive play based learning experiences within the kindergarten environment.

Benefits
There are many benefits in coming to playgroup for both your child and you:
- Kindergarten’s are set up with child friendly learning experiences that you may not have access to at home.
- Your child will begin to make friends with other children they will start kindergarten with.
- You too will make friends with other families whose children will also be attending Oaklands Estate Kindergarten.
- Your child and you will spend time together interacting and playing.
- You can share ideas and experiences with other families.
- Your child will become familiar with the kindergarten environment and get to know the staff, which makes starting kindergarten easier as they feel comfortable with the space and will have an idea of what to expect when they start.
